

October 2011 Prayer Update

**“For we are laborers together with God:”
I Corinthians 3:9**

Ministry:

The Lord has moved in people's hearts to pray and seek other ways for the Lord to open doors for us and he has done just that. We are grateful for two churches and a faithful business man as new financial supporters. We are humbled and so pleased to be able to serve our Lord and Savior Jesus Christ. Any sacrifice we can make here is nothing compared to what he has done for us.

It has been exciting to see God working around us. We have been able to see several people coming to know the Lord Jesus Christ as their Savior in the last month. We have been apart of several missions conferences in which God's people have been challenged to "step in the water" by faith and see how God will provide. Many have taken that challenge and are trusting the Lord to provide for what he has called us to do. With that said, I want to thank all those who have been faithful in their support and prayers. Truly as we continue to travel the road of deputation there are many forces trying to slow us down or stop us, however greater is he that is in us than in the world.

We had the opportunity to help a new church plant clean, paint and prepair for their first week of special meetings. What a blessing to see a new Bible believing church open its doors in such a needed area.

Travel:

We started this month in Daytona Beach, Florida and have driven up to Rochester, NY, over to Cleveland, OH and then we will travel back down to the South for more meetings through November.

We have traveled over 1500 miles and experienced many different driving situations over the last month. Even though we have had several different vehicle issues along the way we know that the Lord is molding us more and more into his image, for which we

are grateful. He continues to provide our needs and open doors of opportunity to minister along the way.

Family:

Everyone seems to be handling the (planned) traveling and (unexpected) delays with grace. We have come to realize even more how these situations keep us before the Throne of Grace. In the beginning of the month, our oldest daughter- through no fault of her own- was involved in a car accident. Thankfully no one was hurt, however the insurance company totaled the mini van she was driving. A huge blessing in all of this is how the Lord worked this all out while we were (unexpectedly!) home visiting for the week! We were able to help her find a replacement vehicle-definitely needed for a full time college student with three part time jobs! Truly we serve a great God! We praise him for safety and provision through everything!

I was able to attend a Men's Conference back in our home church with my two oldest boys. We were blessed to sit under and learn from the special guest speaker who has become one of our favorite preachers and a friend.

FBBC Mens Conference

Mentoring

What a blessing to spend the weekend with over 250 men praising the Lord and gaining a greater understanding of the Scriptures. Josiah and Levi also enjoyed our time there, making several new friends and reacquainting with many others.

I was able to spend five days with Missionary Bobby Bonner as he was the guest speaker for a missions conference in PA. I was able to talk with Brother Bonner and learn from his experience and expertise as a missionary in Zambia Africa.
